

Lawson M3
Public Learning Lab & vLab Schedule
June - December 2010

Welcome to Lawson Learning public training! Our goal is to ensure that our customers, partners and employees know the best way to leverage Lawson Learning to improve their skills and business operations. We support our customers worldwide, at all stages of the Lawson lifecycle, whether they are implementing, optimizing, or expanding their Lawson solution.

► Public Learning Labs

Lawson has a full range of learning products to meet the needs of both new and existing customers. We offer Learning Camps for new hires, Labs and Workshops for role specific training, Learning Accelerator for customized end-user training, and an Online Learning Library for continuous reinforcement. The first day of each public learning lab will start at 10:00 a.m and run until 5:00 p.m., unless otherwise indicated.

Prices for Lawson public learning labs are per/person per/day and based on the country in which the training takes place.

Currency	Application		Technical
SEK (Swedish Krona)	5000		6000
NOK (Norwegian Krone)	4450		5500
NW & Central Europe (Euro)	550		650
S Europe & Iberia (Euro)	450		550
GBP (Pound Sterling)	450		550
USD (US Dollars)	750		900
Learning Credits	1		1.2

► Virtual Learning Labs

Virtual Learning Labs (vLabs) are a great way to learn in an interactive environment. It's just like being in the classroom, only easier. You can avoid the expense and hassle of travel, because when it's time for class, you simply open your Web browser and sign in. PLEASE NOTE: vLab courses are not part of the Online Learning Suite. See the price chart below for fee structure.

Instruction for all courses will be delivered in English. All times indicated are 14:00-17:00 GMT, 15:00-18:00 Central European and 8:00-11:00 Central Standard Time, unless otherwise indicated.

Prices for Lawson vLabs are per/person per/day and based on the country in which the training takes place. Learning credits can be used, but will not be discounted.

	NW/Central Europe	S Europe/Iberia	GBP	NOK	SEK	USD	Learning Credits

► Guaranteed to Run (GTR) Courses

Courses marked in green on this schedule are Guaranteed to Run (GTR). We frequently choose a mix of courses from across the public schedule and designate them as guaranteed to run. While it is occasionally necessary for us to cancel training sessions due to low enrollment, GTR classes will definitely take place no matter how many registrations we receive.

Need help finding a class?

If a course you would like is not scheduled, or if you want to request a new date, time or location for a scheduled course — or have it delivered as a private course — please let us know by sending an e-mail to education@lawson.com or Lawsonlearning@lawson.com.

Lawson M3 Public Learning Lab and vLab Schedule – Introduction continued

► How to use this schedule

1. Courses are grouped by specific business areas, for example Customer Sales and Service, Manufacturing and Financial Management, to make it easy for you to choose a business area and course that interests you.
2. Course sessions are organized by location. The language used for course instruction is indicated after the course date: English = EN, French = FR, and Swedish = SW.
3. Our course schedules are updated regularly. However, class dates and locations are subject to change. For the most current information, please check the Learning Management System (LMS). You'll find it on the MyLearning tab at <http://mylawson.com>.
4. Cancellation Policy: You will not be billed for a course if you withdraw your registration at least 10 business days prior to the start date of the course. If you withdraw in 9 or fewer days, you will be billed the entire class fee. Lawson Learning reserves the right to cancel a Learning Lab or Learning Camp session 10 business days prior to the start date. We will notify you by e-mail if a course you have registered for must be cancelled.

► Additional Services

Please note that all courses in our Learning Tracks can be scheduled as an additional public or private class at a Lawson office or location more convenient for you. We can also provide remote classroom (Virtual Lab), Webex and customized informal training/workshops, as well as support training, training skills, train the trainer and other services to help you run your own training program and develop your own materials. Blended learning, Learning Accelerator and end user services plus online training is also available.
