

**From the Desk of Jim Catalino,
General Manager, Lawson Healthcare**

Are you on the right track? We have a lot of helpful information highlighted in this edition, specifically:

- A new **one-day Workforce Management track** on Tuesday, April 5 at CUE11 in Boston. Designed to provide a valuable experience for leaders who are responsible for carefully balancing skill mix, cost and employee satisfaction to provide superior patient care.

You'll see WFM 4.0, hear a customer upgrade story, attend the first WFM User group and try our new touchscreen kiosks. The track is offered at a reduced price of only \$1,000 (regularly \$2,295). Read the article "[Join Us at CUE 11](#)" for more details.

- We're launching a new **WFM User Group** to facilitate information-sharing among Workforce Management Customers. Join your peers at the first in-person meeting at CUE 11. Read more about the new [WFM User Group](#).
- Meet **Pioneer POS**, a new Lawson partner to provide our Workforce Management customers with a low-cost touchscreen kiosk option for our WFM Self-Service and Time Collection applications. [Read more](#).
- The votes are in, and we won! The Lawson Workforce Management solution was chosen the "**Industry Leading HR Technology Solution**" in the 2010 Tektonic Awards at the HR Demo Show - based partly on a blind customer survey. [Read more](#).

Thank you for your commitment to Lawson Healthcare and Lawson Workforce Management solutions. We look forward to continuing to provide you with world-class software, services and support for many years to come. [Read more](#).
